## **Celebrating the 20th Anniversary of True Life in God!!!**

**"Celebrate annually the date of today where I brought you and so many others to come into My Heart and discover those innumerable treasures I kept for your times; keep this great day in mind."**

Nov 28, 1995

**peace be with you; My Vassula, ah, let Me know, let Me know, are you happy to have been with Me in this way all these years? mere creature of flesh, but with a heart, are you happy?**

*Crown-of-my-Joy,  
how could I not be happy?  
I have been carried off by  
Your Breath in the clouds to  
advance on the wings of the wind,  
to become a part of the winds, 1  
so how can I not be happy!*

**and you have become part of Me, 2 and I part of you, and you have made your home in Me, as I have made my home in you, transfiguring your soul into an Eden so that I may be glorified; advance your step and go forward on the wings of the wind, for you have a special place in My Sacred Heart;**

*Feast-of-my-own-heart!  
Ointment-of-my-eyes!  
Light thrice holy!  
my soul rejoices because  
You have rescued the "Uninhabited,"  
blessed be Your name Thrice Holy;*

**indeed if I am your 'Feast-of-your-own-heart'; celebrate annually the date of today where I brought you and so many others to come into My Heart  and discover those innumerable treasures I kept for your times; keep this great day in mind; be by My side as you have been for the past ten years now: NEVER leave My side, walk with Me as you have done all these years; see how I educated you? see what I have accomplished? see My Wisdom? by adopting you, I adopted so many others; My path is straight, My ways of approaching you are delightful...your King is perfect and beautiful;**

**"revive My Church, embellish My Church, unite My Church," was My Order to you; and all I asked from you, to be able to work with you for My glory, was for you to consent to do My Will; and so you have won My friendship;**

My Church benefits now with so many souls who returned to Me...and  
 now their praises to Me are joined with those of My angel's in heaven;  
 and from your mouth I spoke, giving what My Heart desires most for  
 Unity; you have not toiled in vain; I had asked you to pass on My Words  
 and My desire: the unification of the date of Easter, and so you have;  
 see? to have acknowledged Me, My child, was indeed the perfect virtue  
 and the light of your soul; daughter from Egypt, I kept guard on you  
 constantly, the twilight I longed for in your soul was given to you by My  
 Spirit thrice Holy, to fulfil My whole purpose;

- My words: "full, you shall be many," were an enigma to you; then I  
 made you understand what they meant: "when you shall be filled with  
 My Holy Spirit, thrice Holy and giver of life, you shall, with the power of  
 My Spirit, convert and bring to repentance many;"

I have cultivated your soil with My Own Hand, and shattered the rocks to  
 level My way in you; then I have sown My Own celestial seeds in you; to  
 honour My Name, I vowed to knock down any intruder who would come  
 My way into My new garden; night and day I delighted watching over  
 you; today I can say, Vassula: I have not toiled in you for nothing; My  
 Spirit set you free so that you would be a proper place to be lived in by  
 Me

may My sons and daughters approach Me and I shall free them to join  
 My assembly too

[2](#) Allusion to John: 15

Monday, November 28th, 2005 marks the 20th anniversary of the day Vassula began receiving the Messages. All of us who have been touched by the messages are indebted to the graces the saving words of Jesus Christ bring in our days. His words, as always, give us life and are an elixir of health and spiritual protection in our evil time. Those who have penetrated the Messages may see clearly how the Messages restore, preserve and refresh the Church, the Church being we the people. The battle goes on in our efforts to bring this healing message to the world. In these days let us, as Jesus invites, "Keep this great day in mind" and perhaps ask ourselves these questions:

Am I living a True Life in God? Am I living Holy? Do I need to re-commit myself to the Sacred Heart of Jesus and the Immaculate Heart of Mary? Have I given back to the TLIG apostolate

efforts worthy of the graces I have received?

Vassula feels that anything special we offer Our Lord, on or near the anniversary of TLIG in thanksgiving for His gift of this "Love Hymn from Heaven" will be especially pleasing to Him and would likely bring an outpouring of further graces. She suggests such offerings might include an hour of adoration, (perhaps also bringing flowers), a rosary, Stations of the Cross (especially on the day of the anniversary itself or the following First Friday) and an Act of Consecration to the Sacred Heart.

Whatever praise and thanksgiving we offer could obtain special graces, especially for the ongoing efforts to unify the dates of Easter. Please spread the word of these suggested remembrances to others. Any special devotions done within the octave of (eight days before or after) the anniversary, or even later during Advent, would still be appropriate.

### ***True Life in God 20th Anniversary Reflections***

From Father John Abberton, a Catholic Priest:

On the 20th anniversary of True Life in God, I want to give thanks for the goodness and mercy of God.

I have been asking myself where I was twenty years ago. I was an assistant priest in Harrogate, a famous town in the North of England. One of the memories I have of my time there was ringing the editor of a religious magazine and complaining about an article on Vassula. The editor said that I might like to talk to Father Michael O'Carroll. I said I would. Within half an hour Father O'Carroll was on the phone telling me how wrong I was about Vassula, and explaining how a report in an American Catholic newspaper was unjust and how even photographs had been changed to alter her appearance. It was some time later - another ten to fifteen years - that I met the lady herself and had the great joy of celebrating Mass in her house.

God is patient and never lets go. I give thanks and praise to Father, Son, and Holy Spirit, and many thanks for the persistent motherly prayers of the Mother of Christ. For all of us, I ask the graces of protection and perseverance. I also give thanks for the ministry and fidelity of the late Father Michael O'Carroll.

I invite all TLIG readers to join me in a rosary for TLIG November 28th, 2005, 12:00 noon GMT, in thanksgiving for 20 years of TLIG and to ask the protection of Mary's prayers for Vassula and all readers of TLIG.

Father John Abberton

From Father Nicholas, an Orthodox Priest:

Any anniversary is significant because it identifies and specifies a significant moment in an historical unveiling, be it a political, military, religious or personal venture. The inspirational journey of the Messages through True Life in God was revealed to me by accident or rather providential intervention. Quite content, and more so, comfortable in my personal religious journey in the world of ecumenism and the quest for universal church unity, reconciliation, and outreach, I had been in no way looking for something new.

After hearing me preach from the pulpit and over the airwaves, broadcasting my radio program in which I was urging Christian unity, solidarity, and focus on Jesus' supplication that all become one in His Holy Name, the Holy Spirit directed TLIG people to my doorstep.

I met Vassula some six years ago, when she came humbly to worship at my liturgy in New York as she has always done since. Little did I know or recognize then who she was and Who it was Who sent her. In confidence of conscience and heart, I can attest to the Messages that the Lord has truly revealed to "babes" what has been hidden from the intellect of sophisticates and philosophers. Truth has been uncovered and the Divine Will has been echoed, as it has been throughout the ages. God speaks to His people today, as always, with clarity and purpose and resolve. Personally insignificant, my worth is questionable, but I, nevertheless rejoice in the knowledge that the Holy Spirit has pointed me out as a lesser tool and instrument of His desirous unity of hearts. His and ours! God bless twenty years of a voice crying in the wilderness of apostasy! Vassula's voice!

Father Nicholas

From Father Vincent Cosati:

**"Your aim must be love, because it is upon love that you will be judged at the end, and not on the eloquence of your speeches or your knowledge, or your sacrifices, or on the gifts that I, in My Benevolence, have granted you; you will be judged on the measure of your love." [1](#)**

Marvellous...essential...and so true..."Your aim must be love"...These few words are resounding today in my heart, at the time we celebrate the 20th anniversary of the gift of the Love Hymn the Lord offered us, thus reminding us of the way that leads to a True Life in God. The more I read the messages and meditate upon them, the more my spirit, my heart and my will desire, day after day, one and only one thing: receiving and striving to live "the greatest spiritual gift that is love." [2](#)

Reading frequently the messages, one realizes quickly that Love is their central theme: Love and Humility are the keys to unity. [3](#) Love allows us to bear His Cross. [4](#) Love glorifies God. [5](#) Love heals us from all that impedes us from loving. [6](#) Love warms us when we suffer from the cold of affliction. [7](#) Love in all His Tenderness forgives. [8](#) Love is the Root of all Virtues. [9](#) An incredible number of messages repeat it to us over and over again: Love is the Elixir of Life and God is its inexhaustible source. [10](#)

The abundance of these passages is such that it inebriates the soul and the heart. In the face of such a profusion of calls and reminders, I cannot help but to thank the Lord to have gone to such lengths in order to untiringly take me back to the essential point and to have asked me whether I had really done all I could to multiply this incomparable talent of Love offered each day for free from the Sacred Heart of Jesus.

I am convinced that even after 20 years of teaching, the Lord still desires only one thing from us today, that He would not stop repeating over and over: "what I ask from you is love." [11](#) I thirst for love because I am the "Master of Love." [12](#) "My Love is like a devouring Flame constantly burning! My Love is a Jealous Love." [13](#) "I am Love, Love, Love. My Heart is an Abyss of Love." [14](#)

So then, why not renew, on this anniversary date, our firm will to belong more to Love? Let us simply make the commitment to ask every day from the Holy Spirit, by an unceasing prayer of the heart, to pour into us the impetuous rivers of Divine Love. [15](#)

"Lord, make your love  
and the sweetness of the Holy Spirit  
known to all people,  
so that human beings forget earthly pain,  
abandon all evil and attach themselves to you  
with love, so they can live in peace,  
accomplishing your holy will for your Glory."

### ***Catania, Italy June 2005***

#### ***La Perla Jonica , Acireale***

Upon arrival to Catania on Saturday, June 5, 2005, Vassula and I were told that Mt. Etna had started to erupt. There is a history in Catania of this volcano pouring lava onto this island. Black lava formation can be seen all over Catania.

We felt that the Almighty Holy Spirit is so powerful that even nature is affected, reacting to the Good News that Vassula brings: His "Love Hymn, True Life in God, for their Spiritual Renewal.

Map of Sicily, Catania on the East Coast

The lava in Catania

We met Sister Martha O'Daly in Rome and flew to Catania together. Father Giorgio Balestrire, the organizer of Vassula's presentation, came to the airport to pick us up. Sister Martha was a big help to Father Balestrire in promoting this event. We also met Francis Mifsud (who translated English to Italian) and his wife at the airport.

**The city of Catania**

Father Balestrire brought us to stay at the La Perla Jonica in Acireale, where the event was to be held. Everything is on the same grounds, making things convenient. We went to see the place that the organizers were preparing in their big hall for the next day's meeting. Angela Leonardi worked very hard along with Father Balestrire to put the event together. They asked Vassula to say a special prayer over the organizers which Vassula did. Vassula then thanked the organizers and invited them to the next Pilgrimage in 2007. She briefed them on the TLIG Ecumenical Pilgrimage that had just taken place in Lebanon, Syria and Jordan. [The 2005 Pilgrimage](#)

**Vassula blessing the organizers**

After that we went for dinner. Since Acireale is by the sea, the restaurant had beautiful fresh fish

and all of the traditional Italian foods and fresh fruits.

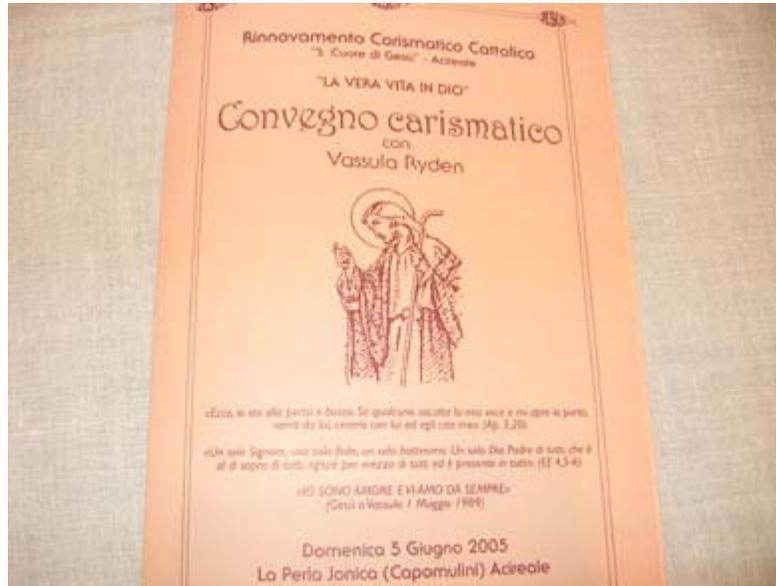

**Vassula with Father Giorgio Balestrire and the choir members**

Father Balestrire showed his excitement about the preparations when he was telling us that for the next day there would be about six to eight Pullman buses arriving filled with people from the surrounding towns. He told us that his Bishop had given him permission to host Vassula after the Bishop saw the CDF booklet ([read about the CDF](#)) and the letter from Cardinal Ratzinger, now Pope.

On Saturday, June 5, 2005, we had an extra hour in the morning because of the time change. It gave us an opportunity to have breakfast with Father Giorgio, as we're now calling him, at a more relaxed pace. Father Giorgio has been reading the Italian translations of the True Life in God Message for many years. When Vassula showed him the original handwriting edition it was the first time he saw the original handwriting of Messages. [The Handwriting](#)

The day's program was full. After the Rosary, Vassula gave her talk followed by Holy Mass, then lunch. Vassula also spoke in the afternoon before the adoration of the Eucharist. There were approximately 800 people in the Hall.

**A Holy Mass that took place during the event**

There were all kinds of people that had come: old, young, men, women, and couples with their children. After Vassula's talk, she prayed over the children. People brought others who were physically handicapped so they, too, could share in this special day. They lined up one by one and she prayed over them with the crucifix that contains the relic of the True Cross.

One of the people, a young man who presented himself to be prayed over, had an apparent experience of exorcism. The entire incident is captured on video. He violently expelled a grotesque slime from his mouth in very large quantity. Vassula continued to pray over him for several minutes until a priest in the audience came forward – who also happened to be the local

exorcist for the church. After being prayed over, the peace that came over him was visible. He reported to us later he thought someone had attempted to put an evil or black magic on him and had given him some sort of physically or spiritually contaminated food to eat. The actual facts of the case are he expelled this material while Vassula prayed over him and felt much better afterward. If this was an actual exorcism I cannot say, I only report what we witnessed.

Vassula explained to the people that Jesus had said, **"You shall bless my people with this crucifix."** There have been healings and the crucifix has shed some myrrh. Vassula does this under the command of Jesus. He gave her a prayer for healing and deliverance that everyone there recited.

*"In the name of the Father, the Son, and the Holy Spirit, Amen."*

**"Blessed be Your Name, O You who hear [our] prayer. Blessed are You my Lord who removed [our] soul from the pit..."** [May 29, 1995](#)

People were holding up photos of their loved ones who could not attend in hopes of interceding for them also. The people in attendance were so patient the whole day, and that really left an impression on me. You could see they set aside this entire day for this full program of prayer, worship, adoration and spiritual renewal. They were not rushing to go anywhere else!

**Vassula praying over a child who is physically challenged**

**People lining up for Vassula to pray over them**

**Vassula praying over the children lining up**

While Vassula was praying over the children, you could see adults trying to get in line so they too could be prayed over. Vassula then told them that God is a God of order, and so we must keep order. She promised them that after lunch at the end of her second talk, she would pray over everyone. Imagine! All eight hundred people!

**Vassula blessing a set of twins**

**Vassula with a Consecrated Religious who was helping with the event**

Vassula started her first talk by introducing True Life in God. She told them how Pope Benedict XVI is asking for Unity between the Orthodox and the Catholics. It was Pope John II who had started the way and prepared the path of Unity for Pope Benedict. Vassula believes Pope Benedict XVI will do great things for Unity. She mentioned to the audience that she had had a meeting with him four months before he became Pope so that she could thank him in person for what he did to clarify her situation by sending her the Vatican's five questions which she had answered to the satisfaction of the CDF, the Congregation for the Doctrine of the Faith of the Catholic Church. As head of the CDF at that time, he even asked her to publish the questions and answers in Vol. 12, and these now also appear on the website: <http://www.tlig.info/cdf.html>

Vassula explained that she had not always been welcome to do presentations, especially in Italy, but since Cardinal Ratzinger had sent out the CDFs clarification, things are much easier. She said, *"Praise to the Lord!"* This was her big meeting in Italy after so many years. She believes that this is the beginning of the True Life in God Messages becoming known throughout Italy, just as well as they are now known in many of the other sixty-three countries where she has been invited.

Various Churches invite Vassula since she brings a message of Unity. She went on to name the Catholic, Armenian, Lutheran, Orthodox, Coptic, Baptist, and other Churches and Rites who have listened to her speak. Thousands of people know about the True Life in God Messages since she has given, to date, about eight hundred presentations. The Messages have been translated into forty-two languages; enabling many more people to read Jesus' Love Hymn.

*"Italy, it is your turn to read them,"* she invited them with joy. She instructed them to take away her name and put in their name so they will realize that the Lord is speaking to them directly. God still speaks to His people and gives a charism of the sort given to her; a charism is always for the benefit of the Church and it is not for Vassula's spiritual benefit alone.

**Speaking to Catania, Father Giorgio Balestre (right)**

The Lord is calling everyone to become a Living Altar for him. She told them that she comes from the Orthodox Church, and that before this happened, although she had been baptized, she had never prayed nor went to church, and was just living in her own world. Like many people out there, she used to live for herself and her family. After her powerful conversion she now lives for God first of all. She said that without God, our table is empty, but with God, our table is full. God's word is a wealth of riches and is a banquet and everyone is invited. The call is a call to repentance first, and unity, forgiveness, and reconciliation, and she said, *"Repentance is so important because it will lead us to confession and will lead us to become one with God."*

*"There is a new fervor in the people and this comes from the Holy Spirit,"* Vassula was explaining. *"This thirst for Jesus and the Blessed Mother is the Holy Spirit Who is reviving you,*

*Who is taking away the scales off of your eyes, Who gives you light to see invisible things and understand the invisible things that have been hidden from you. It is the Holy Spirit's action to renew the Church through repentance, and to unite the Church, and this will be for the Glory of God!"*

Vassula explained how the biggest rival to God is our ego and our will. She said as long as we don't die to our will and our ego, God cannot fill us up with the Holy Spirit. The Holy Spirit needs space and if He finds it He will invade us and fill us with His presence. People ask what God's will is for them and she answers that only through the Holy Spirit will we know God's Will.

*"The Holy Spirit cannot come to someone who is in debt to sin. Jesus says the first thing we do is to REPENT. Ask to the Lord to forgive us for the sins we are not even aware of in that we don't know to distinguish our left hand from our right hand. Repentance is the gate to Heaven. Repentance brings us tears and burns within us. We need to be sincere with ourselves and ask the Lord to show us who we really are; what we are to God and how He sees us, and then CONFESS. Then the Holy Spirit will really come upon us. We will be shining from within and without. With the light of the Holy Spirit even our members, all of ourself will be light and will be part of the light that is the action of the Holy Spirit. Only then, the Lord says, can you say, you are walking with God because you will be in the same path with God. You will not be behind or in front. The Lord says He is the Way, the Truth and the Light."*

She continued to tell them about the activities of TLIG such as that many prayer groups have been established worldwide and that TLIG is Ecumenical because it is for the Unity of the Church. We are praying for the Unity, Reconciliation, and for the Peace of the world and to have more Love. The people in prayer groups are on fire with the fire of the Holy Spirit. Vassula told them of the establishment of the Beth Myriams, houses of charity, and how they came about. As in Holy Scriptures it says, "**Faith without works is dead.**" (James 2:20; 2:17; 2:26) You can read it here for yourselves. [Beth Myriams](#)

We are created to serve God, and to serve one another. Why is God speaking to us in our times? Our Lady is appearing in different parts of the world because these are special times in which we are living. We have fallen into Apostasy and the Devil is very active so God intervenes because He doesn't want to lose His people.

Vassula speaking to an audience of about 800 people

It is the time of Mercy. Jesus has given us warnings. [Read about warnings](#)

Jesus says our generation is far away from God. There is lack of prayer. Many are celebrating Christmas only as a secular Holiday; they worship the Christmas tree much more than his Holy Name.

**"I come today and offer all mankind My Peace but very few listen; today I come with peace-terms and a Message of Love, but the peace I am offering is blasphemed by the earth and the Love I am giving them is mocked and jeered in this Eve of My Birth; mankind are celebrating these days without My Holy Name; My Holy Name has been abolished and they take the day of My Birth as a great holiday of leisure, worshipping idols;"** [Dec 24, 1991](#)

The Lord has given us for a deeper conversion, a true conversion. You can define it with a single sentence as in the First Great Commandment: **Love your God with all your heart and all of your strength and the Second is Love one another as I love you.** (Matt. 22:37-38; Mark 12:29-30; Luke 10:27)

On Judgment day Jesus says we will all be judged by the measure of the love we have had on earth. Be good, holy, and loving. Love one another. Prove your love. Be generous with one another. Generous means being kind to one another. We can do all this in the small things we do, day to day.

Jesus tells us how He is disappointed that we don't TRUST him enough.

"We should do our best and He will do the rest." [Dec 16, 1994](#)

Vassula explained, *"Unceasing prayer is your desiring God all day long. It is when you live*

*perpetually in God and They (the Trinity of the Divine Persons)live perpetually in you. When you long for God all day long, when you thirst for God all day long, it is a prayer without words. It is the Heart that speaks. It is the Contemplative prayer. It is the top prayer because God sees inside your Heart. God is calling us, all of us to exhort us to pray for peace."*

She then read them a message, **"I make my voice be heard from above, I shout aloud so that everyone hears. Indeed my voice has reached the ends of the world. The good for not doing exactly My Will and for not praying in the right way; many of them approach Me only in words; the bad, for committing mortal sins without ceasing because of their hardness of heart and their indifference towards Me; but I will tell you what happens and what I mean; Scriptures teach you all, that once the hand is laid on the plough, no one should look back, for you will not be fit for the Kingdom of God;"** [May 21, 2001](#)

Vassula continued, *"To make Peace with God is to stop rebelling against God and to return to God's favor and Intimacy after a period of estrangement and rebellion through sin and transgression. When you accept to live God's law, which is the law of love, putting God first in your life, then you make peace with God. God gives us hope, which is the Holy Spirit."*

**"I would be greatly distressed were you to die now before having understood Me; many of you are busy with your daily chores, which please Me if they are done with love and they are according to My Mind, but all of this would be incomplete if you do not open to grace and acknowledge Me in My intimacy; so come and accept My familiar companionship and I, in My good pleasure, I will take you into the mysteries and the hidden secrets of Our Heart; you and We, will become inseparably united in Our Love for ever end ever."** [Nov 2, 1997](#)

May God bless the TLIG people in Italy for having started a renewal for True Life in God. May all of their efforts and work produce more and more fruit. We thank all of the organizers for doing such a spectacular job for Jesus!

### ***The First TLIG Youth Camp; Graces and Love Abound!***

The TLIG youth camp and the World Youth Day were like a plunge into an ocean of love. All our thanksgiving and honor was addressed to the Lord Jesus and Our Lady, who, like a warm and soft rain in spring, constantly poured out on us Love, Peace, Joy and graces upon graces! Yes, it was a taste of Heaven!

We had youth from Japan, the Czech Republic, Belgium, Poland, UK, Scotland, Brazil, and Lebanon. There were in our Youth Camp a total of thirty persons, and even though so many of us

did not know each other at first, we all felt very deeply like a family of Love! I never had an experience like this before! It was even more than the loving fellowship we have had in our TLIG pilgrimages!

**The TLIG Youth Summer Camp 2005, Cologne Germany, Holding a Banner: "Courage Peter!!!"**

For more photos, click on this link: <http://ns30929.ovh.net/fabian/>

I know that in the future, Our Lord is going to provide special events for the youth and that they are very precious to Him!

Here is an example in the testimony of Jana from the Czech Republic:

I looked forward to our TLIG youth camp very much. Then when we arrived, I was a little blank at first because it was something entirely new both inside me and around me which I did not understand.

Then when we prayed together on our first morning, I felt something changed inside me. Next, when we went outside, we sat on the banks in the front of the house and we spoke to one another. I felt nothing special exactly, but I looked at what was happening and in that moment I began crying. Another youth, Fabian, who was sitting near me, asked me: "What happened?" and I said: "I am happy!" and I really was, because I felt that I was at home and I said to myself:

"This is my family!" and all through the next wonderful days I stayed in this peace and love. I was totally happy, which meant that there was nothing missing from the fullness I felt.

My heart was healing and I was learning a lot: I was learning how to pray. I was learning how to love, and to communicate with my brothers and sisters. I was learning how to organize something for God, and how not to be afraid. I was learning a lot about God and about true life in Him...

Then, when we came back home, I saw that our meeting had been like a furnace and that it was a big blessing to be there. I felt myself stronger and more able to do something for God than before our meeting in Cologne. Some door inside me, which had been closed for a long time, had been opened, and I was feeling in myself more freedom. Yes, our meeting was very, very liberating!!!

Now we are preparing a TLIG weekend in Prague, which had never seemed possible for me before, but now we TLIG youth together have so much more strength that our efforts just seem to flow by themselves. For this I am very grateful, because I was always longing for this! Now I am more able to serve Jesus with others!

Jana

Like Jana, we all experienced this huge feeling of Love!

God bless you!

Peace and Love,

Barbara

Just now our Mama gave (at random) this Message:

***"...come to Him as you are... ♥ pray, beloved children, with your heart and welcome the Spirit that is now being outpoured on many nations ♥ feel how the days of Love's Return are approaching and that Grace is shed unsparingly upon so many of you ♥"***

***I will end up My Message by reminding you that you were created out of love for Love, to love your Creator, and that everything that was made to exist is made by Him and for Him; so praise Him and give glory to the One Who created you ♥ please Me, your Mother, and meditate Our Messages and live Our Messages;***

### ***Announcing the 2007 TLIG Pilgrimage***

Dear brothers and sisters in Christ,
