Stigmata Manifestation in Australia

COMMENT BY VASSULA

Vassula says:

"Christ is grieving more than ever because His Words are being trampled on and have fallen on deaf ears. Nobody listens to what Christ wants in our times, but constantly His noble Theme is attacked by His Own, calling it "Private Meditations." They are not doing God's Will and prohibit others to listen to what God's Will is in our times. In other words, they hold the Keys to the Kingdom of God and neither do they go in themselves nor do they allow others to go in. He has given exterior signs by appearing on me and that many people have witnessed; and now He is showing His Grief on a live person since people ignore His exterior signs.

Today it seems that it is very difficult for many to accept spiritual manifestations; even more, that Christ can be speaking to an individual. Their minds are focused on naturalism* and have lost the essence of God Himself, and all that is spiritual. Thus, everything that comes from God today is examined in a naturalistic manner, denying any supernatural power coming from God."

* naturalism - a theory denying that an event or object has a supernatural significance; specifically: the doctrine that scientific laws are adequate to account for all phenomena.

AVO'S INTRODUCTION

Marianne, baptized Roman Catholic, is a participant of the True Life in God Prayer Group on the Gold Coast in Queensland, Australia. The TLiG prayer group there gathers twice every month at the home of Avo & Suzy Vardanian, once during the day and once at night. There is also a young adult prayer group that comes together at their home once every month.

Marianne had come in touch with the True Life in God messages in the early 90-s, but never read them seriously until she met Avo & Suzy in the late 90-s and started participating in their then small prayer group, which led to a deeper conversion within her and intimacy with Christ.

Four days before Vassula's visit to Australia for her 7 city witnessing tour across the continent late February 2001, the statue of the Immaculate Conception of our Lady at the home of Avo & Suzy started to ooze oil. From then onwards, the prayer group started to grow, and our Lord has been gracious to shower the prayer group with many other gifts, first of all with many conversions and deeper
intimacy with Christ among those who attend the prayer meetings regularly, and then in February 2004 with the manifestation of His Stigmata Wounds on Marianne that continues to this day on and off. Many other miracles have followed since in the form of glitter, oil and rose scented holy water that our Lord continues to manifest to this day.

There have been many reported physical and spiritual healings as a result of the oil and of the other miracles.

The most striking physical healing is the sudden disappearance of a growth in one of the lungs of Jenny (who participates in the TLiG prayer group), as a result of Marianne praying over her and touching her with the oil from her hands, but also giving Jenny oil from the bottle that our Lord fills from time to time on the altar in Avo's & Suzy's home. Jenny used that oil also to rub her chest liberally with cottonwool.

It is interesting to note that the statue of the Immaculate Conception that started to ooze oil in February 2001 was given as a present to Avo & Suzy by Marianne on the 8th of December 1999, being the Feastday of the Immaculate Conception. Neither Marianne, Suzy nor Avo were aware at the time that it was our Holy Mother's Feastday, something they found out later, as the Orthodox do not have the dogma of the Immaculate Conception, and Avo & Suzy are baptised in the Armenian Apostolic Orthodox Church.
Good Friday - 6th April 2007

Although the Wounds are external and cause much pain and discomfort, at times becoming unbearable, Marianne's internal suffering is far greater; suffering that comes in the form of anguish, grief for souls, Christ's repulsion of the sight of sin throughout all time which His Body bore, the sorrow of innocent victim souls, and watching His Mother suffer which intensifies His sorrow even more, breaking His Sacred Heart that is always united with Her Immaculate Heart.

"Christ gave us everything, to the point of laying down his own life and suffering the indignity and wrath of man to save and redeem their very souls that crucified Him, and for those that still crucify Him to this day by rejecting Him as He comes in these times through the True Life in God messages, shouting from the rooftops His great salvation plan to save them... but... His Cries fall on deaf ears and are completely ignored by many".

Much of the wording in this column is Marianne's.
While sadness and melancholy were a part of most days during Lent in which time parts of Christ's Passion did manifest, this began building up more intensely and progressively during Passion week. It became more profound from Holy Thursday onwards.

The thought came into Marianne's mind that now that Bj is with her, our Lord may hold back from giving outward signs and external wounds with blood flowing, so as not to shock him. But it was not to be. By early Friday she could not hide her heavy interior grief and sorrow. Marianne made it a point not to hide her feelings from Bj, so that he understood her need to leave him from time to time for intimate time alone with Christ. Meanwhile he occupied his time by doing necessary chores around the house, making meals to share together, since he is a gourmet chef and loves to cook. He also found time to tend to some gardening. Marianne would spend some short periods of time with Bj for a cup of tea, sharing some moments about the building up of sorrows that she was experiencing.

In addition to feelings of suffering related to Christ's rejection by humanity, Marianne says she also suffers due to the obvious physical pain; at the same time, as she puts it, being totally united with Christ in a kind of rapture which she describes as transcendent and Bitter Sweet, numbing the senses from anything else.

This year Marianne's youngest son (he is 25) came to stay with her at his own request from Holy Thursday afternoon until Friday late afternoon, knowing full well of what our Lord had done with Marianne in the previous 3 years and of the real possibility of something happening during his stay with his mother. On reflection, Marianne says: "This was divinely inspired as he would be an eye witness for the 1st time of God's supernatural manifestation of Love through the experience of a drop of His Passion on one of the least of His creatures, his own mother, something he himself said he'll never forget. His visit was pure out of his heart: to be there for me in spirit of love and care."

Out of respect for his wish that his name not be mentioned here, we'll refer to him here by the pseudo-initials of Bj. Bj had to leave Friday around 5:30 pm to catch the train back to Brisbane from the Gold Coast, an hour's train ride, where he needed to start work early next morning.

Jesus says: beloved ones, when you have recently split, part of Me was torn off, yes, they did not realize that they have torn a part off My Body, oh My beloved ones ... do I deserve this? ... why tear My Heart? ... why tear on your God's Heart? ... why fill My Eyes with more Tears of Blood? 2 ... I beg you, just like a beggar, who has been lamed by his own friends, to return all of you to Peter and be one, like the Father and I who are One I am also calling all those who reject My Mother, 3 to open their ears and hear, My Mother is the Queen of Heaven, She is by Name, Mother of God; I am not blaming those who had not known, I am only trying to bring you back to The Truth; I also call out for the conversion of this world, I am also reminding those who have forgotten My Omnipotency that they should not compare Me to themselves, 4 I am reminding you all that you are living in the End of Times and thus My Signs have increased ... Scriptures are being fulfilled ...

Bj was quiet, it is his nature to be quiet, but you could see he was completely overwhelmed, it was like he was in a shock. If I saw someone without knowing anything I would say he was in shock.

I called him for some water. He went and got me several glasses of water, but nothing relieved my thirst.

I got up as I could see better and walked to my Altar to be nearer to Jesus’ Image. I sat on the chair near the table as I was dizzy and disoriented. Again my eyes began to burn, and this time I was aware of the blood coming in gushes in both my eyes and thunder-storm made his eyes sort of wide open, with an expression of “what is next?”. I felt wetness on my head because my hands were there trying to relieve the pressure, and I said to him: “Will you please just have a look, because it’s very wet in my hair.” He looked and let me know that it was indeed blood. I suddenly couldn't see any more. I was crying with sorrow by then. I felt a burning sensation in my eyes; blood had started to come from my eyes. So I asked him about this, and he said “Yes”, it was blood. A little later it eased off slightly.

conversion of souls, for reparations for having dismembered His Body, for those who openly mock Him and His Holy Mother, and all His Sacerdotal souls and apostles of the end of times that are being persecuted for His Noble Messages that have been reserved specially for these times of Hell on earth through open rebellion for all that is holy, and those souls that say they know Him, and yet by their indifference and false humility lead Him hour after hour on the road to Calvary. Christ was continually reassuring me that all this is not in vain, and that many Graces will be obtained. In this reassurance, I in my miserable state through act of will praise Him, knowing that to dissolve myself, becoming a mere icon for Him to imprint on me whatsoever He wishes. To glorify Him is all that matters. This understanding occurred in a relatively short time.

Marianne recalls: I had just spoken with you on the phone with great difficulty. I was sitting on the couch with Bj on my left, my hands holding my head trying to relieve the pain and the pressure in some way that was very apparent for Bj to see. That together with the sudden

crown of my head. I called out: "Bj Bj come!" and so he came and sat next to me and comforted me because I had slumped over the table, and as I was slumped over I let him know that I was so comforted that he was there. He was asking me if there is anything he could do. I said "No, I am so happy you are here", and he actually said, "I am so happy, I am here for you mum". Then I started to weep uncontrollably in the sense that, I felt a building up again and then, all I know, he told me later that my breathing was shallow and it was limited. I felt I was choking. My mouth was filling up. I could taste blood and it was a lot, because I was swallowing all the time; and then I said: "Bj, I am swallowing blood". I went back down, slumped over the table again, and that is when my breathing started to be less and less and I was swallowing and suffocating, then I stopped breathing for short time.

During these moments I spontaneously uttered: "Oh how He suffers for us. Oh how He suffers watching His Mother". This is how He felt from the Cross, watching His Mother while He Himself was suffocating. I am not exactly sure how long and then all of a sudden it was just over. And Bj said, "Oh! Mum, you won't believe it, it is 3 minutes after 3".

So he knew there was some significance in that time. I had such total peace at that moment. I was exhausted but just totally at peace, hardly breathing but in a peaceful way. It was just so incredible. He just sat there with his arm around me for a time and it was just so private, intimate and beautiful.

I remembered the thought occurring to me that Jesus on the Cross was saying: "Mother, I give you your son John and to John, this is your mother". I felt it was somehow such beautiful intimate and a private time. I just blessed God, and said "Thank you for giving me opportunity to be with my son and share that with him", because it was very private and it is not something that can happen with any one. It was a very big gift that my son could witness it. After that I just cleaned myself up slightly, just enough so that I could rest here with Him.

Later that night Suzy and I went to see Marianne. She was exhausted and her face and neck were still blushed red as evident from the picture on the left.
In this newsletter, Marianne has tried to describe as much as possible in *plain human words*, her deepest feelings of profound oneness with Christ during these moments of intense internal and external suffering around the time of 3 pm. Christ has allowed Marianne to experience to some degree, what He went through during those very last moments on the Cross before He breathed out His Last Breath. In this respect, Marianne makes reference to those passages in this newsletter where she makes mention of swallowing blood and suffocating, and whereby her breathing apparently seems to have stopped as observed by her son Bj. On top of all this, Christ also allowed Marianne to experience His grief over His Mother, seeing Her suffer so much from the Cross.
In the very early morning hours of Thursday 29th March 2007, week preceding Holy Week, Marianne's eyes were oozing blood.

Eucharistic Miracle

Late 2006

We would like to share with you the miracle of the "bleeding Host turned flesh" in Marianne's mouth, as witnessed first hand by a priest, Suzy and myself during a private Mass late 2006, where only the three of us were present with the celebrating Roman Catholic Priest. Out of respect for the wish of the priest I cannot disclose his name or the date of the miracle. I hope you understand this. During Mass I was standing between Marianne and Suzy. During the consecration, I felt something going on in Marianne. I could tell from her breathing. When the three of us received His Body and Blood, Marianne's breathing became heavier.

I looked at her, and saw that her mouth was red. She hesitantly opened her mouth just slightly to show me the inside of her mouth. I could clearly see a piece of flesh on her red tongue. With a low voice I called out to the priest: "Fr. ..., look..." pointing my finger at Marianne. I don't know what went through the priest at the time, but he was quite amazed.

I quickly grabbed my digital camera, asked Marianne to open up her mouth a bit more, and took two shots. In the hurry of things I failed to capture Marianne's complete face, and only concentrated on her mouth area. It was a holy moment during Mass, and I felt quite out of place to do just that, taking pictures, but I felt I had to do it. The urge was too great to let this miracle of the Host go by without being documented.

Marianne explained later that she had trouble swallowing the Host, and that it took some time for her to negotiate the Holy Piece of Flesh, the Most Holy Body of Christ, down her throat. She did not want to chew on it but swallow it whole. The Host normally melts on the tongue, that was what Marianne expected; but suddenly to feel a piece of Flesh on the tongue startled her. Her whole mouth and tongue was red, covered by His Most Precious Blood.

On the pictures, around Marianne's mouth, you can see the gold coloured glitter. Even before Mass, Marianne's face and chest were already covered with lots of glitter.

The phenomenon of gold glitter on Marianne's body started in January 2005, and has continued to this day not only on herself, but also on statues, pictures, holy objects, books, prayer leaflets, furniture, the floor, etc. in both Marianne's and our homes, but also in the homes of at least two other families, although not with the same intensity. Glitter has also been noticed on the faces and hands of some who attend the True Life in God Prayer Meetings at our home, but also when they are in their own homes.

Outside the three of us (Suzy, Marianne and myself), I have counted more than a dozen people so far who have received the glitter on either their faces or hands (including two clergy), at our home or in their own homes, and this number is increasing. Two people have even reported glitter in their bed.

This Eucharistic Miracle is yet another miracle in the long list of signs and wonders our Lord has been giving us at our two homes, Marianne's and ours, and I cannot note otherwise than the Divine origin of three things: Y the True Life in God messages
Y our Lord's various manifestations on Marianne in the form of Stigmata Wounds, Oil, Incense and Glitter
Y the Signs and Wonders He Himself is showering us and others in the TLiG Prayer Group on the Gold Coast.

For those of us who still doubt in the Real Presence of our Lord and God Jesus the Christ in the Most Holy Eucharist, we pray that this miracle so close to home will replace that doubt with a firm and constant faith in and devotion to His Perpetual Sacrifice. Amen.
SUPERNATURAL MANIFESTATIONS OF AUSTRALIA GIVEN SOME EXPLANATIONS

A Letter from Vassula

I just want to say a few things more about the phenomena of the glitter. In Venezuela this phenomena is an old phenomena that exists since years and the definition of this phenomena, as Fr. Laurentin explained it to me now in the pilgrimage bus when I sat near him are graces from God. I specifically asked him what are they for? That was his reply.

The glitter from the statues like the case in Venezuela where our Lady appeared to a nun and gave her messages, from our Lady's dress that was designed with stars, one of the stars fell off the dress and broke in zillions of glitter. A sign, as explained of graces that covered Venezuela. Since then many prayerful people who are near God get the glitter on them. The statue of our lady in the convent of that visionary nun which is a Rosa Mystica, has gold glitter all over her and around her. A very old nun from another convent in Caracas who is indeed a saint had taken me to that visionary nun to meet her and I saw the Rosa Mystica covered in gold dust. The next day the old nun urgently called me and cheerfully asked me to visit her in her convent to show me that in her little room all around her bed was gold glitter and in her heart she knew that our Lady had visited her.

When there is a false visionary who claims to receive messages and deals with Satan because her evil intentions are to rob off good hearted people and become rich from their purse, Satan, being a legalist, and a specialist in aping God is given the power to produce, ape, what comes from God. Eventually he is unmasked but after having harmed a lot of good intentioned people. We know of false visionaries who had the glitter but not before long they are unmasked.

The signs from God are also meant for a reason. Here one needs discernment. Very few have the gift of discernment. As I see it, the lady with the stigmata (Marianne) is a quiet person who never asked for anything, she got the stigmata and a lovely odor comes out of the wounds. She suffered it the first time during Lent. Then Easter. Oil coming out of her face and hands. This oil was so that she anoints sick people, like Myrna. Anything she touched (religious) poured myrrh. Then it was the host that turned into flesh and blood in her mouth. We also know of Therese Neumann who had just the same thing when her eyes filled with tears and wept tears of blood. It is not necessarily a must that messages should follow with the stigmata. For instance Padre Pio did not receive messages and yet had the stigmata.

However, when the supernatural is going on, either when there are visionaries seeing our Lady or Jesus, or someone has received the gift of locutions, Satan too is allowed to step in usually in the beginning (so that he cannot tell God he
had no chance) and will try to spoil what actually comes from God. Here is where discernment is necessary.

The visionaries in Medjugorje at one point saw a fake virgin Mary. It was Satan who appeared to them as our Lady and they discovered it by looking at the feet where they saw goat feet. (He cannot appear completely perfect and must always leave a sign of his otherwise he'll pop!) Padre Pio too in the beginning of his ministry, the devil appeared to him as a monk giving him a letter which said that he should leave that monastery to go to another one, but as he was reading it, it took fire and he recognized the devil. Me too, when in the beginning the devil appeared to me as my angel trying to tell me that God never speaks in this way to people, then gave an insult, I knew, then took also the form and way of speaking of my deceased dad to ask me to stop writing, then again said something ugly, I knew. He always will leave his signature.

Coming to the phenomena of the big bottle being filled overnight and the coliseum on the wall drawn in oil, here one has to pay attention. We must not judge already but open our eyes and observe. We must not jump either into premature conclusions by condemning it lest it really comes from God but remain prudent and give it time as I said to Avo for these two particular signs. Give it time and time will tell. Avo is a humble personality and he and Suzy never got offended but accepted my advice.

Also we should know that these things are happening in Avo and Suzy's house together with their friend Marianne who is in their TLIG prayer group. Since then, with what is happening over there, their prayer group multiplied from a few to a hundred people who come and pray regularly. Their house has become a shrine, filled daily with people who constantly pray. This Armenian couple are no money makers, on the contrary, they gave a lot of their own money from the beginning, years back, to promote the TLIG messages, were always very faithful to the TLIG messages and now they are heading to Armenia to re-establish the TLIG that has been shaken and ousted out by Satan a few months after my visit. They will try to give a proper file and a proper testimony to the Catholicos (the Pope of the Armenian Church) on TLIG who persecutes the messages. They will be away from their house (Australia) for a few months to testify and see that Armenia's heart opens up once more to receive and welcome the TLIG messages.

In Christ,
Vassula
